Palliative Care Society
of the Bow Valley

Support, Service, and Solace

About Us

The Palliative Care Society of the Bow Valley is a community-focused, volunteer-led, charitable Society. Our intent is to provide support for individuals and their caregivers in the Bow Valley who are experiencing a life-limiting illness, loss and grief.

In addition to our in-home and community-based programming, we have a goal to build a Bow Valley Hospice. We are working hard to have this built and operational in the next few years.

Whether you are navigating loss and grief, struggling to find and access resources, or growing weary as a caregiver, you are not alone; we are here for you.

Do you, or a loved-one need support? Please contact us.

Interested in joining our team? We have many volunteer roles available and would be thrilled to hear from you.

Our Mission

“We will enable individuals and their families to receive care close to where they call home, by coordinating and developing a full spectrum of palliative and end-of-life care in the Bow Valley.”

of the Bow Valley**

Our Supports

RESOURCE NAVIGATION

Support and resource identification through our comprehensive Resource Guide.

EDUCATION

Education through workshops, presentations, and our “Speakers Series”.

HOSPICE HOME

Care through our dream of a future 6-bed rural residential palliative care hospice home in the Bow Valley.

ENGAGEMENT

Engagement through volunteerism, fundraising, and community activation.

COMMUNITY PROGRAMMING

In-home and community-based programs aimed at meeting your needs wherever you are in the Bow Valley.
